3.2 Using RocStar as a Roc Solid Staff Member (Bartosz Maj)

3.2.1 View Projects

In order to view an existing project (Figure 5) the user should follow the below steps:

1. Log into RocStar

2. Navigate to the Projects view by clicking on the “Projects” button at the bottom of the screen.

3. A list of existing projects will be displayed. Select one of the existing projects from the list.

4. Click on the downward arrow icon or “READ MORE” button to view additional details.

5. Additional details are displayed

6. Click on the upward arrow to hide the additional details
3.2.2 Synchronizing data with NeonCRM

The Roc Solid Foundation Staff Members have the capability to synchronize any existing RocStar data pertaining to Users and Projects with the RSF’s NeonCRM system.

To start the process, you should:

1. Navigate to the admin panel

2. Click on the NeonCRM Sync button to open the Admin Console panel

3. Click on the SYNC button to begin the data synchronization process
A message will be displayed once the process has been completed, indicating whether it was successful or not.
