Recitation Topic  
Date: Jan. 28, 2005

Objectives.

1. Answer questions on assignment 1
2. Quick makefile review
3. UNIX/Linux very quick review
4. Mitre intern descriptions
5. CS systems positions

Topics:

1. Quick makefile review. Mention existence of many make tutorials on web (search for "make tutorial"). Could use Dr. Zeil's ([www.cs.odu.edu](http://www.cs.odu.edu))
2. Point students to existing tutorials.  
UNIX tutorials: [www.cs.odu.edu/~cs252/unix/unix.html](http://www.cs.odu.edu/~cs252/unix/unix.html)  
Can use Google to search of other UNIX tutorials.
3. Show code example of:
  - a) Passing command line parameters to a C++ program
  - b) Having a C++ program run another programUse the example, RunProg.cpp, to illustrate this.
