What's The Problem?

"We need to upgrade our computer system like yesterday."

Last updated 9/10/2007 2007 (C) Alexander Caulkins

Why is this a problem?

Errors are introduced by humans

↓

It is Hard to locate and Correct problems

↓

It takes them time to update and analyze

↓

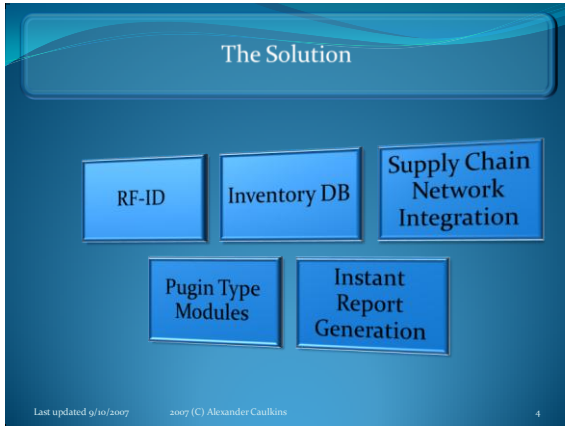

AND TIME = MONEY

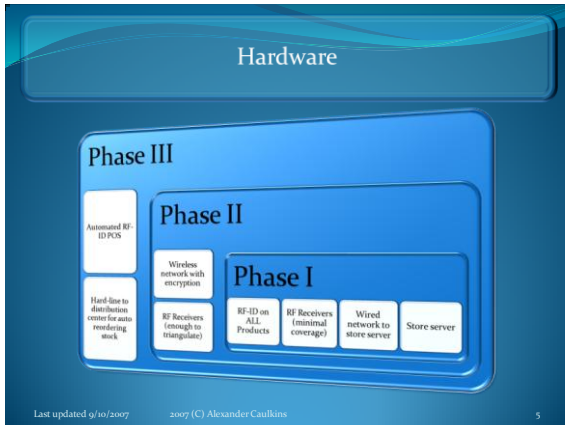

Inventory is Another Word For Cash
- Jim Blasingame

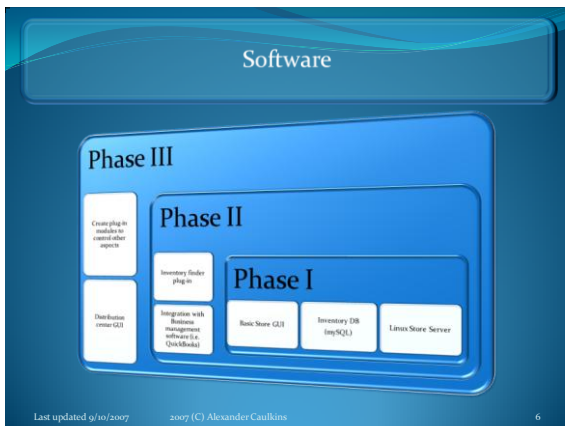

Hours spent per week

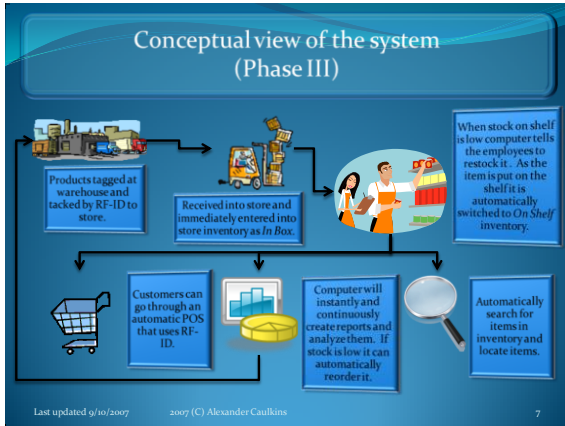

| Category | Percentage |
|-----------|------------|
| Sales | 45% |
| POS | 25% |
| inventory | 12% |
| stock | 10% |
| analysis | 5% |
| other | 3% |
