

Introducing Docker

Application Containerization & Service Orchestration

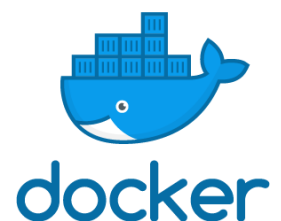

When: Wednesday, Nov 29, 12:00-01:00 PM

Where: E&CS Building Auditorium (1st Floor)

By: Sawood Alam <[@ibnesayeed](#)>

FREE T-Shirts, Stickers, and Snacks!

Your Docker Campus Ambassador will introduce the basics of application containerization technology and walk you through a demo application to illustrate various problems containers can solve for individual scripts or multi-container orchestration (micro-service architecture).
