

CS 410 Design of Real World Product
Presentation III - Project Design

Group Topic: _____ **Total** _____

Problem Background	Outstanding	Average			Low	
Identification and Analysis of Societal Problem	5	4	3	2	1	0
Identification and Analysis of Customer	5	4	3	2	1	0
Current Process Flow	5	4	3	2	1	0
Quality of References/Sources of Data	5	4	3	2	1	0

Problem Background Subtotal: _____

Design Approach	Outstanding	Average			Low	
Current Process with Proposed Improvements	5	4	3	2	1	0
Solution Design - How to Achieve the Project's Goals & Objectives	5	4	3	2	1	0
Major Functional Components Identified	5	4	3	2	1	0

Design Approach Subtotal: _____

Development Approach	Outstanding	Average			Low	
Hardware Requirements Identified						
Software Requirements Identified	10	8	6	4	2	0
Software Development Described	10	8	6	4	2	0
Software Details & Logic Approach	10	8	6	4	2	0

Development Approach Subtotal: _____

Risk & Mitigation	Outstanding	Average			Low	
Technical Risks	10	8	6	4	2	0
Customer Risks	10	8	6	4	2	0

Risk & Mitigation Subtotal: _____

Presentation Overall	Outstanding	Average			Low	
Convincing Presentation Content	10	8	6	4	2	0
Presentation Organization	5	4	3	2	1	0
Team Organization	5	4	3	2	1	0
Quality of Supplemental Materials (Printed and/or Electronic)	10	8	6	4	2	0

Presentation Subtotal: _____
